Subject: May 4th Meeting Public Comment Discussion Item #3

Dear Ojai Planning Commission,

While to review the City of Ojai Cannabis regulations to allow and regulate on-site consumption lounges on the east end of Ojai Ave, I hope you will consider the following concerns:

- 1) There are over 15 places that serve alcohol already here and I don't want to see Ojai turn into a party destination.
- 2) There are no places for 18 and under to lounge or hang out in this town and it is a crisis for teens. At least restaurants that serve alcohol allow 21 and under.
- 3) Smoking marijuana effects people who not using via second hand smoke and the smell.

Thank you. Corrina Wright
